**Subject:** RI-FFS Summary for CAG

[RI-FFS Summary for CAG.pdf](#)

[RI-FFS Summary for CAG-Figures.pdf](#)

Attached is the summary of the Remedial Investigation and Focused Feasibility Study for the lower 8 miles of the Lower Passaic River that you requested at the last Community Advisory Group (CAG) meeting. It is also available on [www.ourPassaic.org](http://www.ourPassaic.org), in the Digital Library, under "Public Outreach Documents" > "Public Outreach\Community Advisory Group". Please distribute as appropriate to the rest of the CAG.

I also wanted to let you know that we have been given until November 15, 2012 to submit the National Remedy Review Board (NRRB) package. Therefore, please send me your submission to the NRRB by COB on November 14, 2012. In addition, the NRRB has expressed a preference for receiving everything electronically, through an existing internal website, unless the submissions include figures that are unwieldy to print (i.e., unusually large in size or complex). Therefore, it would be helpful if you would send your submission to me electronically, so that I can load the file onto the NRRB's web site, along with the EPA package. However, if you would prefer to send a hard copy, I can try to scan it into PDF format.

Please let me know if you have any questions.
